

## Links and Visits

We are partnered with IES Valle de Pielagos in Santander, Spain. Key Stage 4 students can take part in an exchange to the school to improve their linguistic skills and experience Spanish culture for themselves.

We aim to run trips also for KS3 students in order to support our their cultural knowledge of their language of choice.

A French Exchange with our partner school in Rouen, France is in the pipeline for 2019..... Watch this space! And let's not forget about our French trip to Paris too! Including a visit to Disneyland.

## British Council Project:

Lawnswood is a school with a truly European Dimension: 23 members of staff have trained and visited our partner school in Santander in order to set up cross curricular link projects within their departments. Our students directly benefit from this, not only through visiting our link schools on exchanges but also through etwinning projects within different departments.

*"To have another language is to possess a second soul."*

*Charlemagne*

## Modern Foreign Languages at Lawnswood

LAWNSWOOD  
SCHOOL

*"If you talk to a man in a language he understands, that goes to his head. If you talk to him in his own language, that goes to his heart."*

*Nelson Mandela*

## MFL at Lawnswood

Modern Foreign Languages are taught by members of specialist teaching staff at Lawnswood School.

Each of our language rooms has the latest technology to facilitate learning, including a specialist interactive whiteboard and audio equipment.

Language lessons are fun, interactive, vibrant and expedite the learning of all pupils.

## MFL in Year 7

All students will study French on entry. They will get 4 lessons a fortnight and they will explore different topics which will establish the basis for their future GCSE studies.

## Extra Curricular

We enjoy trips to French and Spanish theatre productions which support and compliment our department curriculum.

Also, we promote the broadening of our students knowledge of the culture of the country through watching films and cartoons as part of our extra curricular time.
