

# Science, Year 9, Genetics and evolution

## Pre-assessment

What do I know about acids?

## Test

Date:

Stick your  
teacher assessment  
here.

## Peer assessment:

Can I describe the difference  
between environmental and  
inherited characteristics?

Can I explain the origin of  
environmental and inherited  
characteristics?

## Teacher assessment

Can I describe how animals have  
changed over time?

Can I explain using ideas about natural  
selection why this has occurred?

Stick your  
self assessment  
here.

## Self assessment:

Can I describe adaptations that animals  
have that will help them to survive in  
different environments?

Can I explain why these adaptations will  
help the animals to survive?

Stick your  
peer assessment  
here.
