

Lawnswood School – Sixth Form Bulletin

w.b Monday 21 April (Week 2)

Assembly

- Year 12 and 13 – 23.4.25 – No assembly – Tutor Rooms

Wednesday, Period 3

Tutorial Lesson – 30.4.25 (Period 3, 11:10-12:10pm)

Year 12 – Launch of the Student Committee - Ms Nicholson – Sixth Form Library

Year 13 – Organisation and Retrieval – Tutor Rooms

Attendance is compulsory

UCAS - responding to offers

Students who missed the session from the University of Bradford can get advice from the UCAS website or speak to Ms Ullah if you are concerned about the process. The main points to note are:

It is highly advisable to wait for ALL your offers before taking any action so you can consider your response carefully.

- You are required to make one FIRM choice – this will be your most favoured university with achievable entry requirements
- you must then make your INSURANCE choice – be careful to make sure that this has a lower entry requirement to your first choice and that you are prepared to go there. NB On results day, if you don't meet the entry requirements for your first choice, the insurance choice will become your firm offer and you will be expected to take this up.
- Finally, you will need to decline any other offers.

Reply dates - These are based on when we get the last decision in from your unis or colleges. Check your application to see your personal deadline.

- If you receive your last decision on or before 14 May 2025, your reply date is 5 June 2025 (except if you're using Extra to find a place).
- If you receive your last decision on or before 17 July 2025, your reply date is 23 July 2024 (including Extra choices).

Year 13 For those who have applied for deferred entry already ONLY

2026 entry applications - These dates are slightly different

- If you receive your last decision on or before 31 March 2026, your reply date is 6 May 2026 (except if you're using Extra to find a place).
- If you receive your last decision on or before 13 May 2026, your reply date is 3 June 2026 (except if you're using Extra to find a place).
- If you receive your last decision on or before 15 July 2026, your reply date is 22 July 2026 (including Extra choices).

Thank you to the committee for considering and bringing forward their suggestions for the event. The date has been agreed for **Friday 25 April** – Get your outfits ready!! More details from the committee to follow very soon. We will be organising a culture day quiz and foods from around the world.

Opportunities

Summer School Launch – Year 12 Residentials Summer School – Selwyn College

Applications for our 2025 summer school programme are now open.

Each of our summer schools is a two-night residential course, with all food and accommodation included free of cost to participants. Travel bursaries will also be available. You are able to choose from the following three subject streams:

Physical Natural Sciences (Monday 30 June – Wednesday 2 July)

Most Cambridge first-year Natural Sciences (Physical) students are taking the physics and/or chemistry options – they know more-or-less what to expect at university because they attained qualifications in those sciences in the last few years of school. A ‘true’ natural scientist may be more interested in, or might at least wish to gain proficiency in, other areas like materials science and earth sciences. How can you get hands-on experience in other branches of the physical sciences when there’s no school qualification? Come and attend this summer school: there’ll be demonstration lectures in these areas of science, as well as in the mathematics that underpins the natural sciences, and plenty of opportunity to find out about university-level physics and chemistry as well

Languages and Cultures (Wednesday 2 July – Friday 4 July)

*Please note that you do **not** need to be taking an A-level language in order to apply for this course.*

Are you interested in film, literature, history, or language? Would you like to explore these themes across different contexts and gain insights into other cultures along the way? If so, then please apply to join us at our Languages and Cultures summer school.

There are a number of different options at Cambridge for studying one or more modern languages while pursuing interests in different aspects of the humanities: we offer degrees in Modern and Medieval Languages, History and Modern Languages, Asian and Middle Eastern Studies, and Linguistics to name a few. For some of these pathways, no prior experience of formal language study is required. The aim of this residential is to give you the chance, whether you have studied languages before or not, to explore these different options through a series of taster sessions delivered by academic experts. You’ll have the chance to read texts, watch films, solve linguistic puzzles, find out about unfamiliar historical periods, and think about the politics and mechanics of translation. Fluency in foreign languages and an understanding of foreign cultures, as well as analytical and research skills, are all in great demand on the job market, so why not come and see what doors might open for you?

Unearthing the Past (Tuesday 8 July - Thursday 10 July)

Do you love both history and science? Are you curious about how people lived thousands of years ago? Do you want to learn how we can piece together clues from the past? This summer school might be just the thing for you. Run in association with Newnham College and colleagues from the Department of Archaeology and the Cambridge Archaeological Unit, this summer school at Selwyn will introduce you to the possibilities that an Archaeology degree can open up for your university studies and future career. If you’re interested in human evolution and biology, ancient cultures and languages, or how heritage affects identity and politics today, you’ll find something of interest. There’ll be the chance to get hands-on with artefacts as well as listening to lectures, visiting an archaeological unit, and exploring museums. You’ll meet lecturers in Archaeology and Biological Anthropology and will hear from the Director of the Cambridge Archaeological Unit, who is himself a graduate of Selwyn. Whether or not you’ve thought about an Archaeology degree before and whichever A-level subjects you’re taking, if you’d like to explore themes and methods at the intersection of history and science and to gain some valuable new experiences then please do apply to join us.

See eligibility criteria and how to apply here - <https://www.sel.cam.ac.uk/joining-selwyn/undergraduates/access-and-outreach/summer-events>

Applications close on Wednesday 30 April at 17:00. We will be in contact with all applicants, whether successful or otherwise, in the week beginning Monday 19 May. If you have any questions regarding the summer schools or your eligibility, or require the application form in another format, please email [**schools-liaison@sel.cam.ac.uk**](mailto:schools-liaison@sel.cam.ac.uk).

Discover Bath University – Year 12

- **What:** A free summer programme which aims to give prospective students a taste of first-year life and study at the University of Bath, including a programme of academic sessions and fun social activities. On-campus accommodation and meals will be provided. Travel costs can be reimbursed.
- **When:** 2 overnight stays in August 2025 (specific dates depend on your chosen subject).
- **Where:** In-person at the University of Bath.

Please note: This opportunity is **not** organised by **IntoUniversity**. **IntoUniversity** staff will **not** be present at the opportunity. [Sign up here](#)

University of York- Interview Support – Year 12

- **What:** This online course is a brilliant free resource for Year 12/13 students who might be interested in learning more about university interviews.
- **When:** This self-guided online course is free to access now.

Please note: This opportunity is not organised by **IntoUniversity**. **IntoUniversity** staff will not be present at the opportunity. [Sign up here](#)

Improve Equity in University Access Paid Study – Year 12 and 13

- **What:** Participate in research to enhance equity in access to higher education, and gain vital insights to close the gender gap in STEM fields.
- **1 hour in-person workshop:** On university application processes, personal statement tips, and navigating university life.
- **One-on-one mentoring from current university students:** Participating students will be matched with 2 university student mentors from universities of their choice.
- **Up to £75 reimbursement for travel costs to visit a university.**

Please note: This opportunity is **not** organised by **IntoUniversity**. **IntoUniversity** staff will **not** be present at the opportunity. [Year 12 sign up here](#) [Year 13 sign up here](#)

PHD Spotlight Session – Year 12 and 13

Apply for our spotlight session with Jon Kershaw, the Managing Director of the global Media Agency, PHD. PHD was founded in London in 1990, the first media agency to offer strategic and creative planning, creating campaigns that helps brands move beyond incremental improvements and leap ahead of their competitors. During this session, you can learn about Media Advertisement, careers in this sector, hear from an industry professional, complete a group activity and participate in a Q&A session.

- **When:** Thursday 15 May 2025, 4:30pm - 6pm, **Where:** Online via Zoom.
- **Deadline to apply:** Wednesday 7 May 2025. [Sign up here](#)

UCL Engineering Degree Foundation Year Q & A

Do you want help figuring out your eligibility or deciding whether a foundation year could be right for you? Maybe you have questions about progressing to your chosen degree programme, making a good application, timelines or fees and funding. Or, perhaps about how you will be prepared for undergraduate study at UCL. In this session, programme director James Ford will be available to answer your questions (including anonymous questions).

Get Career Ready – Northumbria University

Did you know? Northumbria is top 30 in the UK for graduates in highly skilled employment*. We're here to help you land your dream job!

Whether you have already set your career goals or are still deciding, we're here to help you build skills, gain experience, and grow your industry network. With plenty of opportunities to go abroad or work while you're studying, you can boost your employability in many different ways and make sure you stand out on the job market. Looking for career inspiration? We've gathered some inspirational stories from members of our extensive **global alumni community**. Have a look at their profiles to find out more about how their time at Northumbria has shaped their lives and careers.

You can also use our **LinkedIn Alumni Tool** to explore where Northumbria graduates within your subject area are working, or take the **Prospects Quiz** and get matched to jobs that suit you best.

Watch the video below to learn more about placements, study abroad, and how our Graduate Futures team can help you unlock your career path. <https://vimeo.com/881699109>

If you have any questions then please **get in touch via email** or speak to us via **Live Chat**

UCL Personal Statement Workshops 24 and 26 June

Applications for our 2025 Personal Statement Workshops are now open.

Personal statements are an important aspect of the UCAS application process. Writing a personal statement is your chance to show your enthusiasm for studying a subject and give admissions tutors a sense of who you are as an individual. To support with your applications, we will be running two online separate workshops for Year 12 students in June 2025. These sessions will give you an opportunity to understand how to structure and write your personal statement. We will cover the changes to the personal statement for 2026 entry. You will also receive guidance from current UCL students who have been through the application process.

Dates and Times:

- Tuesday 24 June 2025, 4-5 pm (online)
- Thursday 26 June 2025, 4-5 pm (online)

Eligibility: Personal Statement Workshops are open to students who are currently in Year 12 and are studying at a state school or college in the UK.

For our personal statement sessions, all eligible applicants who meet at least one of the shortlisting criteria specified in points 2 to 6 on the [Who we work with](#) webpage will be offered a place on this programme.

Become a Nurse Day - Thursday 5 June - 9.30am-2.15pm - Level 3 students

Join us for an interactive and adrenaline-pumping university event where you will experience the fast-paced world of nursing! This event will put your problem-solving skills to the test.

- Step into the fast-paced world of nursing and put your critical thinking skills to the test in this hands-on, immersive experience. This event will put you in real-life healthcare scenarios where quick thinking and teamwork are essential.
- Emergency Room Rush: Our hospital is short on staff—can you step up and handle urgent patient care situations?
- Mental Health Nursing Challenge: Spot what's going wrong and support our team in making the right decisions.
- Virtual Escape Room – Nursing Edition: Work against the clock to solve complex nursing scenarios and escape in time!
- Anatomy Wheel of Fortune: Put your knowledge of the human body to the test!
- This is your chance to experience the challenges and rewards of nursing firsthand. Can you think fast, stay calm under pressure, and provide the best patient care? Join us and find out!

Aspiring Allies - Allied Health Professional Virtual Work Experience – Year 12 and 13

Event Date/Time: 23rd April 2025 @ 17:00 - 11 June 2025 at 17:00

Event Type: Work Experience/Work Shadowing, **Location of Event:** Online via MSTeams

Itinerary of Event:

Subject: Are you interested in a career in healthcare and want to find out more?

Are you unsure about which career path to choose? Want to work in healthcare but not sure which profession suits you? Curious about what an allied health professional (AHPs) does daily? Struggling to find work experience? What's Involved?

• The Aspiring Allies Virtual Work Experience offers an engaging virtual opportunity to explore careers as an allied health professional (AHP). Available programmes include AHPs (14 different professions), occupational therapists, physiotherapists and dietitians.

How Does It Work?

- Flexible and Accessible: Complete the program through self-directed modules available on your phone, tablet, laptop, or computer.
- Free and Convenient: Access it anywhere, anytime—it's completely free.
- Structured Learning: The program includes six modules, each taking about an hour. Additionally, participate in live launch events and Q&A sessions with current AHPs.

Why Should You Complete This Program?

- Boost Your CV: Receive a certificate upon completion, enhancing your CV and making a strong impression in interviews and personal statements.
- Learn at Your Own Pace: Enjoy flexible learning that fits your schedule.
- Gain Valuable Experience: Expand your knowledge and gain practical insights—a great alternative to in-person experience.

Please see Mr Curtis if you are interested.

List of Degree and Higher Apprenticeships – Year 13

The link below takes you to a list of companies who are offering apprenticeships up and down the country and when the deadline date is etc. This is an amazing link to many different apprenticeship opportunities.
