With over 15 hours of teaching, they will get the chance to explore the subjects that they are passionate about. It will also look great on their university application, should they apply.
- Make new friends - they will meet with other students from similar backgrounds to them who share similar passions throughout their week at University.
- Access university application support - our Sutton Trust Online programme will provide expert and personalised support throughout the university and apprenticeship application process, so their Sutton Trust experience does not end in the summer.

To apply for the programme, they should:
