

# Curriculum Road Map

Year 11

Year 11 prepares pupils for transition into further education and adult life. Through strand one, pupils develop self management skills, emotional resilience and an understanding of future pathways. Within strand two pupils learn about sexual health, healthy relationships and family structures. Finally, in strand three pupils gain an understanding of key legal concepts related to employment, substances and financial safety. The curriculum supports informed decision making and empowers pupils to navigate new environments safely and confidently.

1

What is my relationship with AI?

What are life changes?

How can I cope with exams?

What makes me employable?

How do I feel about leaving school?

What does it mean to catastrophise?

What does the law say about getting a job?

2

What are sexual offences?

What is victim blaming?

Substance abuse and relationships, so what?

What is the influence of porn on relationships?

What is the difference between an arranged and a forced marriage?

What does the law say about contraception?

What does the law say about pregnancy and STIs?

Why does gynaecological health matter to everyone?

What is a family?

How might sexual health impact wellbeing?

3

What are mitigating factors?

What is culpability and harm?

What can go wrong when using substances?

How can I avoid financial exploitation?

What is the issue with lending money?

How can you ever be sure what you are taking (illegal/spiked drugs)?

When is gambling problematic?
